MEMORANDUM FOR: Director of Special Activities

1 8 DEC 1968

ATTENTION:

Chief, Intelligence Division

SUBJECT:

Mission C278C, Evaluation of Proposed

25X1C

19 December 1968

25X1A

REFERENCE:

-2728/66, 24 October 1966

1. This memorandum is a review and analysis of Route 1085, over water off the China mainland coast roughly from 31° to 25° north latitude. The evaluation is in support Mission C278C, scheduled to be flown 19 December 1968, 25X1C and is forwarded in compliance with this Office's responsibilities as set forth in the reference.

- Review and analysis of the intended route indicates a small possibility of a fighter reaction against the mission aircraft from Wu Hu Airfield (31-24N/118-25E), where seven MiG-21's are currently believed based.
- No SAM reactions are anticipated against the mission if the route is flown as planned at least 20 nm off shore.
